PHARMACEUTICAL committee meeting minutes

data from 1st June - Any analytics that LPC would like? After 10 mins cuts into voicemail option, charged number?, 14th practice joined 22nd May, 15th practice joined 6th June. (Coseley, Limes, Stourside and Bath Street are latest) No more until September – looking at recruitment of pharmacists. Next surgery potentially Quarry Bank Medical Centre– surgery processes need to be in place first, 4 weeks should be sufficient notification, POD are getting message out but perhaps surgeries not, continuing to train staff on items of low clinical value can CPs support? Move to get rid of faxes – specific nhs mail for POD? Reminder that not a patient facing service, probably at capacity now.

7. AOB – third party dispensing eg. Wardles, NWOS and prescription expiry/cancellation due to unforeseen circumstances

Need to obtain nhs mail address for POD, encourage CP to remember pharmacy first and non-prescribing of meds with low clinical value

ACTION: CP contractors to be prompt with returning tokens to spine for third party dispensing e.g. NWOS, Wardles
